DIRECTOR OF CENTRAL INTELLIGENCE

Science and Technology Advisory Panel

CMTE 11-SR

STAP 0022-88
30 June 1988

MEMORANDUM FOR: Mr. Fritz Ermarth
Chairman, National Intelligence Council

FROM: [redacted]
Executive Secretary, DCI's Science and Technology
Advisory Panel (STAP)

SUBJECT: STAP Dinner, 7 July 1988 [redacted]

1. This memorandum follows up my telephoned invitation on behalf of the STAP Chairman for you to be the panel's guest at dinner on 7 July 1988 at La Mirabelle Restaurant. Drinks will be served at 7:00 p.m., with dinner beginning about 30 minutes later. La Mirabelle is located at 6645 Old Dominion Drive, McLean, VA (telephone: 893-8484). [redacted]

2. There has been some turnover in STAP membership since you last met with the panel in early 1986; a list of current members is attached for your information. [redacted] continues to serve as Chairman. The object of the dinner is to provide a relaxed, social atmosphere so that you can become better acquainted with the members, and they with you. The discussions during dinner are understood to be unofficial and informal. The panel is, of course, interested in learning what problems and issues are of concern to you, especially those that might relate to the group's work, and in determining if there is any way in which STAP might be of assistance to you. La Mirabelle is, however, a public place and although dinner will be served in a private room, all discussion must be unclassified. [redacted]

3. Among the topics that STAP has spent time on recently are relocatable targets, nonacoustic antisubmarine warfare, low observables technology, problems of arms control, and ways to avoid technological surprise. The members--as a group and individually--also contributed to the preparation of NIE 11-12-87 (Management and Development of Soviet Military Technology). [redacted]
